DEFENSE TRYING TO PROVE ALIBI

National Vice President of
Metal Polishers Is
a Witness

IN TRIAL OF GEORGE COLLINS

PROF. SMITH OF STATE WEATHER
BUREAU ALSO TESTIFIES

Rapid Progress Is Being Made in the
Strikers' Murder Trial Before
Judge Seward.

Rapid progress is being made in the
trial of George Collins who is accused
of Homer Loar's murder. The State
has rested and the defense is now ex-
amining witnesses.

A general idea of the plan of action
of the defense in the trial could be
more easily gained when the defend-
ant's witnesses began to be placed up
on the stand Thursday. The principal
witness of the forenoon was W.
W. Britton, National Vice President of
the Metal Polishers' and Buffers
Union. Prof. Smith of the United
States Weather Bureau gave some
rather technical testimony intended to
show the weather conditions as to
darkness or light at the hour when it
is claimed by the witness, Hugh Tay-
lor, that he recognized Collins and saw
him fire the fatal shot at a distance of
several hundred feet.

In brief the story of the crime rests
on the location of Collins at the time
of the shooting with respect to the im-
mediate scene of the crime. The State
in its testimony has evidently
attempted to show that this assault
was a prearranged affair; that Collins
waited about the corner of Eleventh
and West Main streets and when the
Hanover party reached a certain point
in the field, a signal, two different
groups of strikers approached them
and that Collins was in one of the
crowds, and that he fired the fatal
shot.

The defense, on the other hand, in a
manner disregards the presence of
these parties of strikers, and bases its
case on an alibi to the effect that Col-
lins was in Keeffe's saloon with a num-
ber of other men when the trouble oc-
curred, and that upon hearing some
one remark that there was trouble in
the field across the canal, hurried over
to the north side of the canal bank in
company with these other men from
the saloon. Further, that about the
time when the shooting was taking
place, or an instant before, Britton
said to those about him: "For God's
sake boys, somebody go over there and
see if that's any of our men, and if it
is, stop them." Then, it is claimed,
Collins together with one or two
others, went across the canal bridge
and came back with two or three of
the Hanover boys, and that it was not
known until considerable time after-
ward that anyone had been either
injured or killed.

WEDNESDAY AFTERNOON.

Charles Jenkins was on the witness
stand until after 2:30 Wednesday.
After a recess, Frank Crown was
called.

"On the night of December 21, what
occurred while you boys walked up
the canal bank?"

"Fellows were following at us from
across the street."

This witness testified the same as
the others until he came to the point
in the field where the party was stop-
ped. He stated that he was stopped
by Collins after the shooting, who
pointed a gun at him and took him by
the arm telling him to leave, and led
him toward the canal. Upon reaching
the canal, the witness said that
Collins left him there and ran up the
canal bank.

Attorney B. G. Smythe conducted
the cross-examination, in which the
witness appeared confused in several
of his answers with regard to his
testimony before the justice.

Dr. Barker, who was called to attend
Loar, was called as the next witness,
and after a very brief examination,
excused.

Dr. Barnes was next called.

"There was a crowd of people
there, and a dead man lying in the
mud, a dinner pail beside him, and
blood and froth running from his
mouth and nose. We examined the
wound later. I noticed a wound at the
junction of the clavicle and the
sternum. The course of the bullet
was inward, backward, and slightly

upward. It pursued a straight line, it
went through the muscles, through
the upper part of the left lung, and
through the trachea, or wind pipe.
The wound was a mortal wound. His
death was directly caused by suffoca-
tion. He probably lived from three to
five minutes."

Cross-examined by Mr. Phil Smythe
briefly as to height and so forth.
Mrs. Mary Powell, residing on the
corner of Eleventh and Jefferson
streets, was called and testified that
shortly before this shooting she saw
five or six men standing near the side
gate of her yard; that later the com-
pany separated and she saw two of
the parties come together, and saw
the shooting take place. She stated
that Loar came on until he came even
with her house, then he paused for an
instant, then started again and walked
for 12 or 15 feet when he fell. She
stated that a crowd soon gathered
about the man, and that she walked
out of her house and over to where he
was, and that he expired just as she
arrived at his side.

She was cross-examined by Mr. Phil
Smythe, and stated on cross examina-
tion that she saw but one party of
men which met the party of Hanover
men. Upon being re-examined by
Prosecutor Fitzgibbon, Mrs. Powell
stated that about the time of the
shooting other people were seen to
approach the field at the spot where
the shooting was going on.

After waiting for some little time
Chief of Police James Sheridan was
called and questioned as to the arrest
of Collins. Chief Sheridan identified
the bullet shown by the prosecutor as
a 38-calibre bullet.

THURSDAY MORNING.

The Collins murder trial was re-
sumed at 8:30 Thursday morning with
Undertaker J. A. McGonagle and
David Criss of Bowers & Criss Bros.
as witnesses. These men were both
called for the purpose of identifying
the body of Loar.

At the request of the defense, the
witness Frank Crown of Hanover, was
recalled and questioned regarding ex-
pressions to a reporter in an interview
at the time of the shooting. He was
asked if in his statement to the re-
porters, he had said that Taylor had
threatened his life. He said that he
filed the affidavit against Taylor, and
that Taylor shot at him.

On being asked by Prosecutor Fitz-
gibbon if he saw Taylor shoot at him
the witness replied that he did not.
At 8:50 a m. Thursday the de-
fense's witnesses were sworn and
Stewart Oren was called.

"Where do you live?" was the first
question put to him.

"Indianapolis."

"Where are you employed?"

"At the Wehrle plant."

"Were you in Newark on the day
that Homer Loar was killed?"

"Yes, sir. I was working at the
Wehrle plant."

"I wish you would tell us just what
you did now after work."

"I went down Wilson street and
turned at Eleventh street to go across
the commons. I passed a couple of
fellows standing at the corner of
Eleventh street. I didn't see anybody
until I got within 25 or 30 feet of the
canal bank; then I met five or six fel-
lows with dinner buckets, coming to
work. They passed me and after they
got by I heard loud talking and I
replied 'There's a scrap on over here.'"

The witness stated that Collins,
Britton, and in all eight or nine gath-
ered on the canal bank north of the
footbridge, and one of them remarked
"For God's sake, if that's any of our
people someone stop them."

At this point, the witness stated
that Collins and others went across
the bridge, and that after that there
were no shots fired.

Harry Kerrigan was next called by
the defense.

"I'll ask you if you remember wheth-
er or not Collins wore an overcoat on
the night of this shooting?"

"No, sir."

"How was he dressed?"

"He had on a cap and a black
sweater."

In speaking of the time of the
shooting the witness stated that while
in Keeffe's saloon, on the corner of
Eleventh street, Oren called that there
was a fight going on. We walked
over there, and Britton made the re-
mark "For God's sake if that's any of
our fellows somebody go over and
stop them." Then Mr. Collins volun-
teered to go over and two or three of
the fellows went with him.

The witness was cross-examined by
Mr. Fitzgibbon, regarding his business
while living in Newark, and concern-
ing his leaving the city. It was
brought out in the cross-examination
that Kerrigan left the city because a
warrant was out for his arrest on a
charge of shooting with intent to kill
that after he was arrested and re-
leased, he was about the city for some
time in which he could have attend-
ed to the matters that he claimed he
came here to attend to when the
shooting occurred. He stated that he
was in Keeffe's saloon with the rest
of the party and when Britton made
the statement that there was trouble
going on they went to the canal bank
and looked over, after the trouble
that Collins came back with some

NEW PREMIER HELD WEAK

Unable to Carry Out a Vigorous
Campaign of Reaction.

OPINION AT RUSSIAN CAPITAL

Keen and United Opposition Ready
to Pounce Upon All Mistakes of the
New Government—Change in Plans
Already Noted For the Opening of
Parliament.

St. Petersburg, May 2.—The im-
perial rescript announcing the retire-
ment of Count Witte from the pre-
miership did not appear in the Official
Messenger, but to all intents and pur-
poses M. Goremykin has assumed the
helm. The new evidences of altered
policy is the announcement of a
change in the plans for the opening of
the national parliament, the cere-
monial of which, according to a semi-
official intimation, will be cut to the
minimum.

It is stated with great insistence
that Minister of Justice Akymoff also
will accompany Count Witte into re-
tirement, though not as a friend of
the former premier. He was, in fact,
one of the staunchest supporters of
Interior Minister Durnovo in Durno-
vo's recent battle with Count Witte,
and made himself even more detested
than Durnovo in liberal circles. His
successor, it is stated, will be Tcheglo-
vloff, at present assistant minister of
justice.

The view is advanced in some cir-
cles that the reactionism of M. Go-
remykin, owing to the calibre of the
man, may not be much worse than the
"liberalism" of the last few months.
It is intimated that he is not a man
of sufficient strength to initiate and
carry out a formidable campaign of
reaction, while his tactical mistakes
will be eagerly pounced upon by a
keen and united opposition which has
been built up during the campaign.

What other changes in the cabinet
are involved in Count Witte's retire-
ment have not yet developed, but it is
thought that the emperor intends to
heed the voice of the country by call-
ing representatives of the Constitu-
tional Democrats to power.

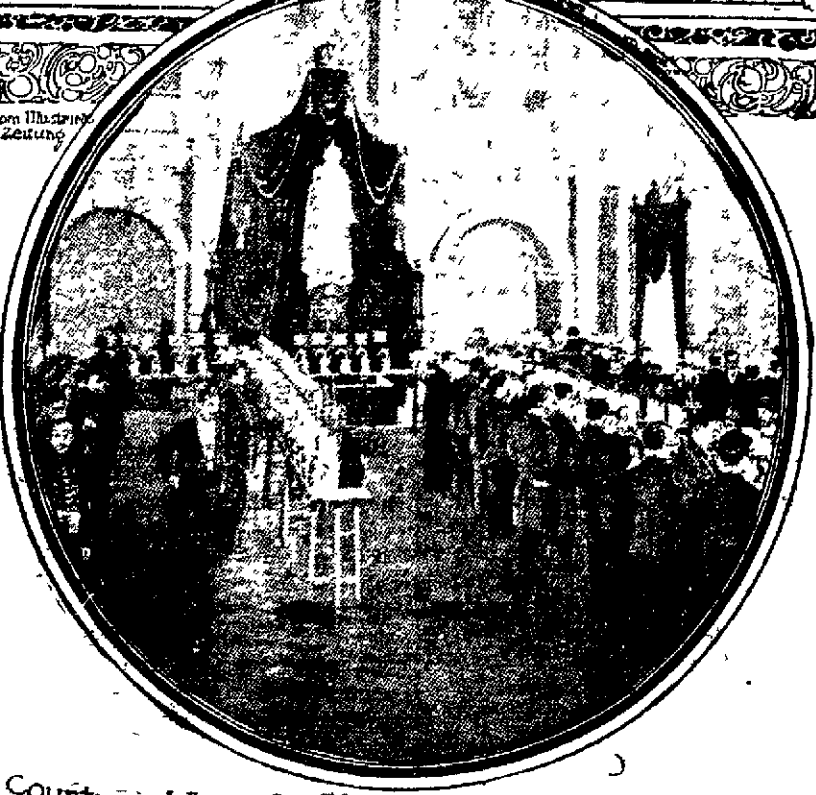

Practically all the political parties
have planned to hold conventions be-
tween now and the date (May 10) of
the assembling of parliament for the
purpose of elaborating their political
programs for the future. The most
important of these meetings is that of
the Constitutional Democrats, which
will begin May 4.

IRON FOUNDRIES IN EAST TIED UP

Buffalo, May 3.—All the employees of
the iron foundries of Buffalo, Depew,
Tonawanda, Lockport and Niagara
Falls, including molders, coremakers
and helpers, went out on strike.
Thirty-six corporations, employing
about 1,200 molders and coreworkers,
are affected. Altogether about 10,000
employees are involved. The cause of
the strike is a demand for an increase
of wages for the molders and core-
makers. The former want an increase
of 20 and the coremakers 25 cents a
day.

ARSON IS CHARGED.

arson.

JOHN R. WALSH IS BOUND OVER

Chicago Bank President Who
is Accused of Misusing
Bank Funds

WALVES EXAMINATION TODAY

IT'S SAID HE HAS SAVED ABOUT SIX
MILLIONS FROM WRECK

Bond in Sum of \$50,000 Presented
and Accepted by U. S. Com-
missioner in Chicago.

Chicago, May 3.—John R. Walsh,
lately president of the Chicago Na-
tional bank, and the Home Savings
bank, both of which institutions were
closed by state and government
authorities last November, was held
to the federal grand jury today in
bonds of \$50,000 on United States
Commissioner Foote upon charges of
misappropriation of funds and sev-
eral violations of the national banking
laws. Walsh appeared by attorney,
who said that his principal, having
faith in the outcome of the case, pre-
ferred an investigation by the grand
jury to one which he regarded as use-
less by the commissioner, inasmuch
as the purpose of the preliminary
hearing was simply to determine the
question of holding the defendant to
the grand jury. Walsh said the at-
torney, therefore, would the exami-
nation. Bonds were immediately for-
warded to the federal grand jury.

Walsh is said to have saved a for-
tune of \$6,000,000 in the wreck of
his banks. Deposits in the two in-
stitutions were paid to the combined
banks of Chicago which made up a
deficiency of several million dollars.
Walsh began his career as a new-
comer in the ownership of a small
political power newspaper, ex-
church patron and a broad man-
He still holds controlling interests in
large stone quarries and enterprises
having contracts for millions of dol-

lars with the government.

Walsh's hearing was postponed
seven times and he was permitted to
privately submit a written statement
of his defense to the United States at-
torney. A resolution by Senator Till-
man to procure an investigation of
the banking methods of certain Chi-
cago institutions by the Senate was
strenuously opposed by Senator Hop-
kins who was formerly associated
with Walsh in business ventures.

Secret passage ways and details of
special guards were provided during
each visit of Walsh to the commis-
sioners' rooms to prevent newspaper
photographers from obtaining his pic-
ture as he entered and left the build-
ing.

CHARGES DISMISSED.

New York, May 3.—The Board of
Review of the National Trotting As-
sociation today dismissed the charges
brought by the Memphis Trotting As-
sociation against E. E. Smathers, al-
leging that Smathers tampered with
the trotter Lou Dillon previous to the
race with Major Delmar.

MORE FIRE AT FRISCO.

San Francisco, May 3.—The laun-
dry in the rear of the main general
hospital at the Presidio this morning
took fire and was destroyed. The
flames were extinguished before they
reached the main building, in which
there were about 1,000 patients.

RIUMOR UNFOUNDED.

London, May 3.—Rumors gained
currency in London today that King
Edward, who attended the Olympic
games at Athens and while returning
to London, had been assassinated in
Paris. The rumors caused a sensa-
tion which did not subside until
Buckingham palace issued a notice
that the king is in his usual health
and will return to London Saturday.

WAR OR PEACE WHICH WILL IT BE

PUBLIC WILL KNOW RESULT BY
END OF PRESENT WEEK
SAY MINERS.

State Committee Says Delegates
at Scranton Will Vote to Go
on Strike.

Scranton, May 3.—President Mitch-
ell called to order the anthracite min-
ers in the state convention this morn-
ing for the first session, which was
given over to the formalities of or-
ganization. The public will know the
end of the week, whether it is
peace or war in the hard coal fields.
The convention will probably be in
session three days to allow the min-

delegates full opportunity to express
themselves.

There is still no absolute certainty
of a strike, though strike talk is
strong. Some believe that Mitchell
has something up his sleeve to spring
at the last moment. A scale commit-
tee member said today: "The dele-
gates will vote to strike. There has
been a strong feeling for peace among
the men, but Mr. Carmel and the
realization that the operators are try-
ing to humble them in the dust has
changed much of the pacific feeling."

W. AND L. E. ELECTION

Directors Authorize Adding Two
Roads to System L. & W. Va.
and Sugar Creek.

Cleveland, O., May 3.—At the an-
nual meeting of the stockholders of
the Wheeling & Lake Erie railroad the
following directors were elected, F. A.
Delano, Myron T. Herrick, Robert
Blickensdorfer, G. A. Garrettson and
W. E. Connor. The matter of taking
over the Lorain & West Virginia and
the Sugar Creek & Northern roads
came up for action, and it was decided
to authorize the adding of the two
roads.

TEN AMERICANS

Are Taken From Fishing Smack and
Put in Prison and Communica-
tion is Denied Them.

Galveston, Tex., May 3.—Manager
Munn of the Gulf Fisheries company of
this city received dispatches from the
Warren fishing company of Pensa-
cola, Fla., stating that the firm had
just received word from their fishing
smack Sallie Stern, seized by a Mexi-
can gunboat Thursday last, stating
that 10 men taken from the schooner
were held in prison and communica-
tion with the American consul was
absolutely denied them. The cargo of
fish in the meantime is rotting. Man-
ager Munn succeeded in getting a ca-
blegram to the captain of his com-
pany's detained smack, taken at the
same time the Pensacola and Mobile
boats were seized, stating that noth-
ing can now be learned from the of-
ficer, and it is feared that his crew
has been thrown into prison and de-
nied communication with the Ameri-
can consul. Manager Munn communi-
cated with Senator Culberson and re-
quested him to reach the state depart-
ment and secure necessary action.

RECEIVER NAMED

Chicago, May 3.—The National
Lumber Manufacturing company, hav-
ing large interests in West Virginia
and Alabama, was placed in the hands
of a receiver on a petition filed in the
United States district court by a num-
ber of small creditors. The assets of
the company are said to be \$100,000,
but the amount of liabilities is not
stated. The failure of the Bank of
America in Chicago several months
ago is considered to have been respon-
sible for the embarrassment of the
lumber company.

PRESIDENT SENDS MESSAGE TO CONGRESS

Washington, May 1.—President
Roosevelt this afternoon sent a mes-
sage to congress recommending the
expressing of gratitude of the United
States to foreign sovereigns and
countries for their expressions of sym-
pathy on account of the San Francis-
co disaster and their offers of relief.
After enumerating the various offers
of assistance made by foreign coun-
tries, municipalities and individuals,
the President says:

"Where these offers of aid are made
to private relief committees organized
to deal with distress in San Francis-
co, I have of course no official action
to take concerning them. Where
they were tendered to me in my offi-
cial capacity I did not feel warranted
in accepting them. But I am certain
I owe utterance to the feeling of all
our countrymen when I express my
very lively appreciation of the warm
hearted generosity and eagerness to
help us in time of our affliction shown
by government municipalities, corpora-
tions and individuals mentioned
above. We are deeply grateful for the
way in which they showed in such
practical fashion, the growth of the
spirit of brotherhood among nations."

VOTE ON RATE BILL

Washington, May 3.—Consideration
of amendments to the railroad rate
bill in the senate under the rule im-
posing speeches to fifteen minutes each

will be pushed to a vote as speedily
possible and it is believed the final
vote on the completed bill may be
taken about May 9. There are

WHITE IS AFTER CLEVELAND GAS

Former Newark Man Plans to
Carry Out Big Deal in
Near Future

CONFIRMS REPORT OF LEASE

WILL TAKE OVER BOTH PROPERTIES
UNDER HOLDING COMPANY

A Few Years Ago Mr. White Was a
Cash Boy in King Shoe Store
This City.

The following dispatches from
Cleveland and New York City tell of
a gigantic business deal that is being
engineered by Archie S. White, a for-
mer Newark boy, who has accumu-
lated a large fortune. Mr. White in
his early boyhood was a cash boy in
King's shoe store. He went east and
in a few years became president of
the National Salt company.

Cleveland, May 3.—It is reported
here today that Archibald S. White,
of New York, who is a party to the
proposition to lease the Cincinnati
Gas and Electric company, has se-
cured options on both the People's
Gas company and the Cleveland Gas
and Coke company, and that he is
now making arrangements for the or-
ganization of a \$20,000,000 holding
company to take over the properties
through the Atlantic Securities com-
pany, in which he is largely interest-
ed.

There is a suspicion here that the
negotiations are all in the interest of
the big Philadelphia gas, electric and
traction syndicate, and together with
the Cincinnati proposition are parts
of a well defined plan to secure con-
trol of still other valuable municipal
lighting properties in Ohio and the
Central West. The connection be-
tween the Cincinnati and the Cleve-
land negotiations is supposed to be
the large interest of Charles P. Taft
and the Sinton estate in the Cinci-
nati Gas and Electric company and
the Cleveland Gas and Coke company.
Officials of the two Cleveland gas
companies admit that negotiations
are on looking for a consolidation of
interests and a transfer of holdings
to an Eastern syndicate. Further
than this they refuse absolutely to be
quoted on the reported merger.

M. S. Greenough, of the Cleveland
Gas Light and Coke company, has
been in Philadelphia for several days
it is believed, in connection with the
deal. It is believed that the direc-
tors of the two local companies will
meet today to take some action in
connection with the merger, but this
cannot be confirmed.

New York, May 3.—Archibald
White, president of the Atlantic Se-
curities company, acknowledges that
he has leased the People's Gas com-
pany and the Cleveland Gas Light
and Coke company, of Cleveland, and
would merge the properties.

"I positively will not discuss the
transaction at this time," White said.
"Further than to say I have secured
a lease in perpetuity of the two prop-
erties and I will take them over."

WITTE'S DOWNFALL

St. Petersburg, May 3.—The down-
fall of Witte and the elevation of
Goremykin to be the head of the gov-
ernment is the sole topic of discus-
sion. The change is acceptable to the
liberals who declare there is a strong-
er possibility of securing reforms in
Russia with Witte's advice no longer
headed by the Czar.

Goremykin is the greatest agrarian
expert and he will devote a considera-
ble portion of his time in devising
means for peacefully settling the un-
rest among the peasants which Witte
has been unable to do.

Mrs. Marie Havemeyer Tiffany, for-
mer wife of Perry Tiffany, and Henry
Godfrey were married in St. James

CENTRAL CITY.

The Central City Literary society met last Tuesday evening and an interesting program was rendered. The most interesting feature, however, was a letter written by Miss Ethel McMillen from Port Angeles, Washington.

Miss McMillen was a member of the society before she went to Washington last March. In the letter she gave a full description of her trip to Port Angeles and of the country where she is now living. The society greatly appreciated the letter and will be glad to hear from her again. Miss Helen Young was appointed to answer the letter in behalf of the society. Miss McMillen was an earnest worker in our Sunday school, having had charge of the primary department. She writes that she now has charge of a Sunday school class of about thirty little ones.

The next meeting of the Literary society will be on Monday evening, May 7th. The program for that evening is: Recitation, Pearl Kinney; essay, Norma Moore; society paper, Clyde Doughty and Carl McMillen; recitation, Bessie McGinnis; debate, O. B. Young and A. M. Dixon; reading, Grover Orr. There will be special music. The admission fee is only 5 cents. The money taken is used to defray the expenses of the society, which are light, and the proceeds are given to the Sunday school.

BEECH WOODS.

Last Wednesday evening a big Norway rat sought liberty from Jacob Clum's cellar by gnawing a half brick from the old chimney corner. Clum had seen it on several occasions and describes it as looking bold and hump backed. Traps were placed in all the exits and were arranged so as to make it impossible to escape without being caught, but the wily rodent, it would appear, is familiar with Morgan's escape and left only a pile of brick dust in its trail.

While Miss Minnie Hite was driving to Somerset a few days ago the horse stepped into a broken culvert and pitched forward. The shafts were broken and the horse began to struggle. Miss Hite sprang on its head and held it down and called for help. Jeff Coner and Tom Gordon helped get the animal out and straightened out the rig.

Wanted—To know where Mose was when the gun cracked, by Marion Foster.

Human "Steam", Keeping It Up

The Secret Of That Tireless Energy Some People Possess.

There is another kind of steam than that in which the boy James Watt, watching his mother's teakettle, first saw the error of his ways, that long since have become realities. This other kind of steam is human "steam." And it is a most important factor in our affairs. Some people call this human "steam" by other names. They call it "push," sometimes, or "hustle," or "get-up-or-lift." Well, it's all of these, but after all it's just "steam." It's the power to do things, a seemingly tireless power which some people possess. Maltiva, the perfect malted whole-wheat food, fills men and women and children with the power to do things. It makes them strong in body and mind. It keeps up their "steam." When Maltiva comes from the ovens, every flake is baked crisp and brown. It is the most delicious and most healthful food in the world, containing only one per cent of moisture. The other 99 per cent is nutrition, digested most readily, even by the weakest stomach, because the gelatinized starch of the thoroughly cooked wheat has been converted by fine malt extract into maltose, or malt sugar. There is no other food like Maltiva. Note "just as good." Sold by all grocers, 10 cents.

OBITUARY

ANDREW HOBBS.

Mr. Andrew Hobbs, chemist for the Wehrle foundry in this city, and grandson of Andrew Freese, the prominent educator of Cleveland, O., died at 10 o'clock Wednesday night at the home of Mr. G. W. Chase on West Main street, after suffering for only two days with cerebro-spinal meningitis.

Mr. Hobbs was 21 years of age and had only been in this city, employed at the Wehrle works, where he is spoken of with the highest of respect and praise, since February last.

The parents of the young man, Mr. and Mrs. James Hobbs were summoned to his bedside from their home in Cleveland, arriving a short time before death. The remains were taken to Cleveland at 9:05 Thursday morning for interment in his home city.

When Dr. Rinehart was called to attend Mr. Hobbs, he found him desperately ill and after making an examination, called in Drs. Evans and Knauss for consultation, but owing to the gravity of the case the doctors held out no encouragement, though they did all possible to save the young man's life.

Mr. Wright, who was until a year ago, a member of the firm of Officer & Wright, was engaged in the undertaking business here since 1840. He is survived by one son, Mr. Will Wright who succeeded his father in business, and one daughter, Mrs. Adelaide McClelland, both of Utica.

MRS. LUCINDA FOWLER.

Alexandria, May 3.—Mrs. Lucinda Fowler, one of this township's oldest residents, died here yesterday after an accident which occurred last Monday when she fell from a porch at her home and fractured her hip. The woman's advanced years made her recovery impossible. She lived with her son, Alexander Fowler two miles north of this place. Mrs. Fowler was 88 years old and has resided in this township for many years. Her husband has been dead for 40 years. She leaves one daughter, Mrs. M. Rafferty of Newark. The funeral will be held Friday.

DAVID BISHOP.

Alexandria, May 3.—Another aged resident of this township died yesterday very suddenly. David Bishop, a prominent farmer, living three miles north of this place, was taken suddenly ill and died before medical aid could be called. He was 60 years old and leaves a wife and mother, the latter being 80 years old. He leaves one sister Mrs. Wilson Sharp of this village.

MRS. LIZZIE WYCOFF.

CHILD LABOR

Theme of Governor Folk at the Educational Conference.

Lexington, Ky., May 2.—The seventh annual southern educational conference began at the new auditorium in Woodland park here with 2,500 people in attendance. The address of welcome was made by Governor J. C. W. Beckham of Kentucky, followed by Robert C. Ogden of New York, president of the southern educational conference. Governor Joseph W. Folk of Missouri then spoke. After exercises at the auditorium a reception was held at the Sayre Female Institute, over 2,000 people attending. Governor Folk in his address held child labor a menace to education and civilization, and urged the enactment of laws in the south prohibiting employment of children in the factories and shops. He said more attention should be paid to the education of the many instead of expending nearly all of our energies on the higher education of the few.

It is predicted that the Senate committee on privileges and elections will report in favor of unseating Senator Smoot, of Utah, by a vote of 8 to 5. Apparently there is at least a majority of the committee in favor of such a report, which is expected to be made in a few days. Perhaps it may be delayed until the rate bill is out of the way. The committee's report as dealing with the privileges of a member of the Senate, would have the right of way unless some agreement should be made to the contrary. The discussion of it will probably be a lengthy one and is likely to develop a radical difference of opinion, not only as to the facts but also as to the power of the Senate to oust Senator Smoot under the evidence. Perhaps opponents of rate regulation may size upon the Smoot report to delay action on the rate bill. Between the two other public business will suffer postponement and it may well be that as a consequence Congress may not adjourn for two months yet.

WASHINGTON NEWS

Washington, May 3.—It was made evident in the senate that the California senators do not consider there should at present be no effort to secure government aid in the general reconstruction of San Francisco. The question came up on Mr. Newlands' resolution directing the finance committee of the senate and the ways and means committee of the house to consider the feasibility of the government guaranteeing bonds to aid in the rehabilitation of the stricken city. The Nevada senator discussed the resolution at some length, contending for the regularity of his suggestion and enlarging upon the desirability of making the city a more attractive center of population than it had ever been. Both Mr. Flint and Mr. Perkins deprecated the introduction of the resolution as unwise at this time, and both indicated their opinion that the California delegation should have been consulted before the presentation of the measure. The resolution was referred to the committee on finance.

Not to Pass on Type of Canal.
Washington, May 3.—Congress is not likely to pass legislation determining the type of canal to be constructed across the isthmus of Panama. Although no vote was taken, that was the drift of a discussion by the senate committee on interoceanic canals. The sentiment expressed by an overwhelming majority of the committee was that the present law, the Spooner act, intended to provide for a lock canal, and that congress, having once decided this question, should not alter its decision, especially as the administration charged with the construction favors that plan.

Denounce Crop Reports.
Washington, May 3.—After denouncing the government crop reports, and more particularly the reports of the department of agriculture, and passing a resolution advocating that the statistical cotton year should run from Aug. 1 to Aug. 1 instead of from Sept. 1 to Sept. 1, the international cotton conference adjourned to reassemble next year should it be deemed advisable by the various organizations to do so. It was found that the delegates were not clothed with sufficient authority to effect a permanent organization.

Consul in Congo Free State.
Washington, May 3.—The senate committee on foreign relations ordered reported a bill establishing a consul generalship in the Congo Free State with an annual salary of \$5,000. In view of the complaints against Belgium's rule there, it was decided that the United States should have a diplomatic office there.

Passed Two Bills.
Washington, May 3.—The house completed the agricultural appropriation bill and passed the military academy bill. The agricultural appropriation bill as it passed the house carried \$7,481,440. The military academy bill carries \$1,668,115.

AMUSEMENTS

"LITTLE JOHNNY JONES."

One of the big musical comedy successes of last season was "Little Johnny Jones," that extremely fascinating play from the pen of George H. Cohan, and the announcement that it is to be the attraction at the Auditorium Tuesday, May 8, closing the season, is being construed as a red letter event among the play patrons of this city. Geo. M. Cohan is a particularly brilliant young gentleman; he has succeeded in contributing to the American stage up to the present time, no less than four plays and in each instance they have "arrived." It was, however, on "Little Johnny Jones" that Mr. Cohan rode to success as an author. Seat sale Saturday.

Every Claim is Backed by Local Testimony.

If the reader wants stronger proof than the following statement, an experience of a resident of Newark, what can it be?
John Lippincott, proprietor of livery stable at 127 11th St., Newark, O., says: "I heartily endorse Doan's Kidney Pills, and, in fact, I have told hundreds of people that this remedy kept me out of the cemetery. I had a severe case of kidney trouble. I suffered from rheumatism for a long while and had a pain across the loins that almost paralyzed me. The kidneys felt like knife thrusts. When I did not suffer these sharp shooting pains there was a constant dull aching in the small of the back. As such times I could not find an easy position no matter whether I sat, stood or lay down. My back tired easily and when I tried to shift about the sharp pains would catch me again. I truly believe that if it had not been for Doan's Kidney Pills I would not be alive today. I got a box of them at Crayton's drug store and the effect of the treatment was simply wonderful. It drove the pain from my back and sides and there has not been a trace of any of the symptoms I have described for the past eight years. It was just after I used Doan's Kidney Pills in 1896 that I made a statement in the papers telling about my case, and I am happy to find that after eight years I can stoop and lift and am feeling just as supple as I ever was. I will be glad to tell all I know about Doan's Kidney Pills to anybody who cares to inquire."

MAN IS ARRESTED FOR NON-SUPPORT

On an affidavit filed by Mrs. Agnes Murphy, George Murphy, her husband, was arrested Thursday charged with the non-support of his minor child, which is now four weeks old. Murphy pleaded not guilty and conducted his own case at the preliminary examination. The father is nearly 60 years old, while the mother is less than half that age. They were married seven years ago, but separated soon after their marriage, although they lived together a short time last summer.

Murphy claimed that he was drunk when he married the woman who is a step daughter of a man named Smith, living in the South End.

When arrested Murphy was released under bond. Godfrey Stauch, coining his security. He was to appear before the mayor Thursday but failed to show up before the court was adjourned. While coming up street, the mayor met Murphy and placed him under arrest and took him to jail to protect the bondsman. Murphy resisted, but the mayor insisted, and after he reached the prison, his attorney, Frank Bolton, made arrangements for his release. The mayor hopes to get the matter settled with out a trial.

DELEGATES TALK STRIKE

Anthracite Mine Workers Meet in Convention at Scranton.

BACKDOWN OUT OF QUESTION

President Mitchell Details to Scale Committee the Negotiations Conducted Between Union Officials and the Operators — More Trouble Expected at Mount Carmel.

Scranton, Pa., May 3.—It is the opinion of every one in touch with the situation that a strike will be declared in the anthracite fields. The tri-state district convention of the mine workers opened today in this city, and many of the delegates are outspoken in favor of a strike.

It is admitted that there is no way out of a strike unless the mine workers back down, and all of the delegates who are here are very far from favoring anything closely approaching a backdown.

President John Mitchell met with the members of the joint scale committee and presented for their consideration a copy of the committee report which he had been preparing for some days. The report was approved in its entirety. At the conclusion of the meeting Mr. Mitchell said that the report contained no recommendations. He said that it was merely a resume of the negotiations conducted since the mine workers first presented their demands in December last.

Trouble may break out at Mount Carmel at any time owing to the intense bitterness of the residents toward the constabulary. All of the people who were shot during the rioting Monday are alive, although several are expected to die. The constabulary are greatly encouraged over Governor Pennypacker's declaration that they were right in defending themselves here in the two fights with the mob.

Five carloads of strike-breakers from the Clearfield region arrived at Mount Carmel, and it is reported that five additional carloads for the same region will arrive here later. Fourteen carloads of men from the soft-coal region were run into the Philadelphia and Reading Coal and Iron company's storage yard near Mahanoy City. The cars containing the strike-breakers are fitted up so that the men can live in them. The cars are guarded by details of coal and iron policemen.

Mitchell to Winder.
Columbus, O., May 3.—President Mitchell of the United Mine Workers has replied to the request sent by John H. Winder asking Mr. Mitchell, in substance, as to when the operators of Ohio, Indiana and Illinois could expect an answer to their proposition to arbitrate the controversy between the mine owners and the men. Mr. Mitchell wires: "Votes of executive board members not yet returned. Expect to be able to advise you within the next few days."

PLAGUE IN PERSIA

Numbering Its Victims by Hundreds. Work of Fanatics.

St. Petersburg, May 3.—Since the recent disorders stirred up the native fanatics against "foreign witch doctors," when mobs of natives destroyed hospitals, expelled European medical staffs and drove off quarantine cordons, the plague situation in Seistan, on the Persian border, has assumed appalling dimensions, spreading rapidly in northeastern Persia and numbering its victims by hundreds. The excited populace refuse medical assistance, and the only hope is that the summer heats may restrict the plague, but it is sure to rage with greater severity in the autumn. British troops are being concentrated on the border, ostensibly for the protection of the consulates in case of another foreign outbreak.

GRANVILLE NEWS

Granville, May 3.—The organ recital given by Miss Grace Keenan on Wednesday evening at Redtail Hall was a great success, and the program very artistically rendered. Miss Keenan showed herself to be thoroughly artistic in every detail. Much attention was drawn to the expression with which she played the different selections. The music lovers who listened to Miss Keenan Wednesday night were very enthusiastic and will be glad to hear her again soon, as they count her an artist in every sense of the word. Miss Ferguson, soprano, who assisted Miss Keenan throughout the program, sang with much freedom and with great beauty of tone. Her work is also well known in Newark and Granville. Miss Grace Keenan is the daughter of Mr. Frank Keenan of Newark. Following is the program that was rendered:

Andante, Allegro, 9th Sonata, Merkel.
Songs: The Robin Sings in the Apple Tree; In the Woods, MacDowell.

Prayer in G flat, Lamaigrae.
Amaryllis, Scott.
Serenade, Widt.
(Duet for piano and organ) Piano by Miss Benedict.
Minuet, Boellman.
Song: Burst ye Apple Buds, Emery.

Tocatta, Bartlett.
Prof. and Mrs. Henry Trask charmingly entertained at their home Wednesday night at a dinner party the senior members of Kappa Phi and Chi Psi Delta Sororities, and of the Beta Theta Pi and Sigma Chi fraternities. The tables were beautifully decorated and the place cards very appropriate and pretty. After a delightful menu had been served the guests repaired to the parlors where a contest involving the guessing of Shakespearean characters was participated in. The following guests were present: Mr. and Mrs. McKinnon, Misses Adams, Mary Megginson, Mary Ferguson, Lina Willis, Bess Trumper, Edna Thornton, Anne Beattie, Ethel Brillhart and Messrs. Verne Priest, Paul McKibben, Frank Peas, Paul Mitchell, Clay Van Voorhis, John Hixon, Roland Chissold, Allen Roundbush, Howard Brillhart and Alfred Colby.

Carl, the little six year old son of Mr. and Mrs. Frank Walker, highly respected colored people of Granville, died at the home of his parents on Maple street, on Tuesday morning about four o'clock, after an illness of one week with spinal meningitis. The deceased was an unusually bright and interesting child, and will be sadly missed. The funeral services were held at the house on Wednesday afternoon at one o'clock, conducted by the Rev. Mr. Eason, pastor of the Methodist church, and the interment was made in the Welsh Hills cemetery.

COLLINS MURDER TRIAL

(Continued from Page 1.)

men, two or three, with dinner buckets.

On re-examination, Mr. Smythe brought out from the witness the fact that he was arrested on three different occasions on the same charge, but later released after each.

Ferris Egoff, an express motorman, testified to an acquaintance with Collins. He stated that he was in this city, at Keefe's saloon, at the time of this shooting. He saw Collins in Keefe's place and was cutting up and creating fun for the crowd; that somebody called out that there was something going on out in the field and that all of them ran out.

"We got over to the canal bank, and to the bridge. We couldn't see much over there because it was getting dark. I saw a fellow coming back across the bridge a little while after the shooting with two other fellows, one of them was asking for a gun, which had been taken away from him. The witness further stated that he went with the crowd and walked part of the way across the bridge.

On cross-examination Mr. Egoff said that no one went over ahead of him across the bridge that he knew of, and that no one could have crossed the bridge at the same time he did. He stated that some one could have passed over the bridge just as he stepped off.

The evident object of the prosecutor was to show that Collins could have left the saloon before the man called that there was a fight in the field, without the witness knowing, and that no one could have crossed the bridge at the time at which it is claimed that Collins and the other man or men crossed. The defense desired to show that Collins was in the saloon at the time that the shooting occurred and went over the bridge afterward.

William Kitzmeier, express conductor, was the next witness called.

"Did you go to Keefe's place with anyone?"

"Yes, Mr. Egoff, about ten minutes after 4."

"Did you know 'Gabby' Collins?"

"I knew him when I saw him."

"What was he doing?"

"Just acting the fool, cutting up, that's how I happened to know he was in there."

"Did you stay in there?"

"Until somebody yelled that there was something doing over in the bottoms."

"When you got to the canal bank where were you standing with reference to the footbridge?"

"Just north and to one side of the footbridge."

"The witness then told of the shooting; that the crowd in the field seemed to scatter in all directions; that when he returned to the saloon, he could not say positively that Collins was in the saloon at the time that he (the witness) entered after the shooting."

Mr. Kitzmeier said that he did not see Collins about the footbridge when cross-questioned, and that the man whom he saw cross the bridge coming back with two others, was not Collins. He stated that he only reached the north end of the bridge; that he saw no one cross the bridge; and that he did not hear the remark.

Prof. J. Warren Smith of the Weather Bureau, Columbus, was called next.

"I have been employed by the United States Weather Bureau for the past 17 or 18 years, but have been located in Massachusetts until lately."

He stated that at 4:10 the sun set, but that it was cloudy, on the 21st of December, 1905. The witness stated that on that day, according to technical explanation, the length of twilight would depend upon the general conditions, but would probably be 32 minutes under clear conditions, but being cloudy it would be come dark more quickly.

W. W. Britton followed.

"What office do you occupy in the National Polishers' Union?"

"I am vice president."

"Where were you on the afternoon on which Loar was shot?"

"In the West End of this city."

"Who was with you?"

"George Collins, Harry Kerrigan, and I don't remember whether there

was anyone else along or not."

"Where were you about 3:30?"

"We went to Keefe's saloon."

"Tell us what occurred."

"We had been in there a considerable time when somebody made the remark that there was trouble of some kind going on, and we left and went over toward the canal. There was myself, George Collins, Kerrigan and some others. When we arrived there we heard shots fired across the field, near Jefferson street. I had made the remark in general to the fellows around, that if that was any of our fellows, for some of them to go over and stop it. George Collins and another man went over. They returned in a very short length of time with some fellows carrying dinner buckets. A man named Taylor was along."

The witness described Collins' dress at the time, stating that he was not wearing an overcoat. He further stated in contradiction of Taylor, that he had not seen him that evening, nor had not instructed him to watch for the interurban car. He stated that he had known Collins for 10 or 12 years.

The witness was cross-questioned by Prosecutor Fitzgibbon regarding his acquaintance with Collins. He was asked what he had been doing since the settlement of the strike on December 28, and if he had not been left here for the purpose of providing a defense. The witness answered that he was here for the purpose of seeing that the strike settlement was carried out, and that he was present in these cases only from a friendly interest. Court here adjourned until afternoon.

DISCUSSED SHOES.

An amusing incident of the afternoon Thursday was when in the cross examination of Witness Hagerty, the prosecutor and the witness had a lengthy discussion of the subject of shoes. The matter of shoes was so thoroughly taken up that it seemed as if neither the witness nor the prosecutor could keep track of the numerous pairs.

THURSDAY AFTERNOON.

Thursday afternoon the cross questioning of W. W. Britton was resumed for a short time, after which Jas Pearl was called and examined by Mr. Phil Smythe.

"Where were you on the evening that Loar was shot?"

"At Keefe's saloon."

"What took place?"

"When I came in there we stood there. It was a bad day. I was in there till long towards evening. Somebody hollered that there was trouble. Everybody made a rush. When I got to the middle of the street, I heard three shots fired and 'Britt' said to go over and see who it was. I went back to the saloon pretty soon. I saw Collins in the saloon after the shooting, but not Taylor."

Cross examined by Mr. Fitzgibbon, the witness stated that he had worked here at the Wehrle foundry until the time of the strike when he left, returning on the day of the crime to spend the holidays. The witness was questioned regarding his acquaintance with Collins. The prosecutor enlarged on the statement of the witness that they were in the middle of the street when they heard the shooting.

William Hagerty was next called. The witness was engaged in the shoe repairing business in West Newark, and on the night of the crime went to Keefe's saloon to get some shoes which he had loaned to Collins while he did some repairing on Collins' shoes. He testified to seeing Collins in Keefe's saloon and recognized his dress.

Charles Walton, bar tender at Keefe's saloon, followed on the stand and stated in substance, that Collins was in the saloon at the time of the shooting, and was also in the saloon immediately after the shooting.

After the cross examination of Mr. Walton, bartender at Keefe's saloon, who testified to Collins' being in the saloon when the disturbance took place, the defense called the next witness, Nicholas Powell, residing at the corner of Eleventh and Jefferson streets.

"I was around the house and barn between 4 and 5 o'clock. I was on the back porch. I saw a party of five around the alley by my place. They went over on the commons, north. I saw some men coming from toward the canal, carrying dinner buckets. They met about 80 feet from Jefferson street, and three shots were fired. Two shots went west and one came east. There were some on both sides of the path, and the man who fired the shots going east was on the west side of the path. I couldn't say that I saw who did the shooting. There were only two parties in the field that I could see."

JUDGE BRISTER GRANTS A DIVORCE TO EZRA WIMER FROM LOUISE.

Commissions Issued to the Board of County Visitors—Real Estate Transfers—Notes.

The divorce case of Ezra L. Wimer against Louise Wimer, was heard before the Probate court, and a decree was granted the plaintiff on the ground of infidelity. The custody of the two little girls, aged 8 and 10, was also given the plaintiff. Attorney Edward Kibler represented the plaintiff and the defendant made no contest. The testimony indicated that Mrs. Wimer had a star boarder at her home on Leroy street, by the name of Thomas Albaugh, and that he finally usurped the husband's place in the affections of his wife, and finally that the husband was ordered away from his home by his wife and told to never come back.

Viewers Appointed. The County Commissioners have appointed Messrs. L. C. Spellman, D. H. Barlick and John Hartshorn as viewers to act with County Surveyor J. L. Gilpatrick to view the new road running from Hollander street north to the bridge at Horn's hill. The road runs through the lands of James K. HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

IT IS UNCERTAIN

Whether or Not Mr. Weller Will Build a Theater in Mt. Vernon. Mr. Ickes Talks.

Mt. Vernon, May 3.—Mr. J. M. Ickes, former postmaster of Newark, says that some matters have come up which make it uncertain that Mr. Weller, the Zanesville capitalist, will build a theatre block in Mt. Vernon as announced. Mr. Ickes talked over the phone with Mr. Charles Matthews of Newark, Tuesday evening, and learned that while Mr. Weller had looked over the situation here he had closed no options on any property. He was favorably impressed with Mt. Vernon, but after leaving the city Monday evening some matters came up which may cause him to give up the project. It was Mr. Ickes who first brought Mr. Matthews' attention to Mt. Vernon and who through the latter interested Mr. Weller in the city and he regretted very much to learn that Mr. Weller had not definitely decided upon the matter.

Many Special Features.

J. Gleichauf is attracting great crowds at his Hoosier Kitchen Cabinet display this week. The cabinet is one of the handsomest, most commodious pieces of furniture ever shown in this city and contains many special features.

The chief of these is a new device — the self-cleaning — self-emptying flour-bin. This flour-bin is in the top of the cabinet and the flour is put in through a chute at the top. At the bottom of the flour-bin is a sifter and the flour comes out into a bowl already sifted. There is no bending over a flour barrel or the old fashioned flour bin with a scoop, as you have done before. This flour-bin is also much more sanitary than the old-fashioned method, since mouldy flour can not possibly accumulate. The flour that is put in first comes out first, since it is put in at the top and drawn out the bottom. The flour-bin is opened only when the flour is put in and then not again until it is empty, so there is no chance for dust or dirt to get in.

This is a most economical arrangement for flour and the only one that keeps the flour pure and does not let it spoil if it stands a considerable length of time.

The special sugar-bin is arranged on the same principle. There is a passage at the bottom of the sugar-bin which only allows a cupful of sugar to drop into the lower part at a time. As one cupful is taken out another one falls down and takes its place.

The spices are kept in air-tight tins, each spice having its own special tin. These tins are damp-proof and preserve the flavor of the spices in a way that no other method will.

There is plenty of drawer and cupboard room to accommodate all the kitchen and package goods needed — and a great number of hooks — very cleverly arranged — to take care of spoons — egg-beaters and minor kitchen utensils.

An exciting farce comedy of nine acts or scenes was on the boards at Wehrle Park Wednesday afternoon and when the curtain arose after the orchestra overture, there were three hundred people seated before the footlights. The farce was entitled Newark and New Castle in an original comedy. The leading man, Tom Bannon, was ably supported by Pitchers O'Neill and Lillis for Newark, and Dick Carroll and Rubb Bowers for New Castle. Bannon's comedy was of the cheapest vaudeville variety and he seemed to make a decided hit with all the rooters greeted him with hoots and cat calls and hisses as he recited his lines.

Some of the fans got a mistaken idea into their heads that a ball game was to be played but they soon learned of their mistake. It was not baseball. Most any other name would apply to it. However, the official scorer was compelled to report to the president that a game had been played and the score was sent in containing 24 names when an ordinary game contains but 18.

A detailed account of the game would be poor reading. Suffice it to say that Pitcher Jack O'Neill, who was released last Friday night and hired over again, opened the game. He went well until the error behind him and one of his own let two men get on the sacks. Then a hunt hit went down towards first and Botenus and O'Neill came the "after you" stunt and the press men scored a safe hit which filled the bases. A sacrifice scored one man and the next man was struck out, O'Neill throwing but three balls. Then that Irish Carroll stepped up and met one on the nose for two bases which sent a pair of runs scampering home before him. Joe Doyle got the next man on a foul fly.

In the next frame Brown walked. Tibbets sacrificed him to second and he scored on Smith's single. The latter attempted to pilfer and Doyle caught him at Locke's bases. O'Neill gave a pass to Lindeman and allowed Anderson to cop a single then Manager Cotton pulled Jack out right in the middle of the frame. Well, Big Bill Lillis went in and filled the bases with a pass but luckily the next man hit to Locke who caught him at first.

Another inning deserves mention. It was the sixth. Right here is where Bannon did his finest work as a first rate comedian. Snyder was first up and walked. Botenus took first on a fielder's choice when Lindeman threw to second to catch Snyder. Bannon said Brown did not touch the runner. It wasn't necessary as the run was forced and Lindeman called Tom's attention to the fact. Warm words followed and the big first baseman wasn't the least bit frightened by Bannon's talk and neither was Tom for that matter. Be that as it may, Bannon ordered J. Percy's first sacker to the canal bridge, but Lindy didn't care to go and wanted to witness the game from the grand stand. His Ump's said nay and called upon the policeman to eject the gentleman from the ground. This proved to be unnecessary.

Well, the cap of the prayer meeting corner was filled up and the game started again. Drake sacrificed nobly and Locke got down on a fielder's choice, while Lefty Snyder was

being caught between bases. Two on base when Doyle sent one to Anderson at short which the gentleman promptly fumbled. This placed a runner on every sack, and the gate keeper turned the key in the pad lock when Carroll went to pieces and passed two, foreing two runs across the rubber. J. Percy's smile relaxed into a grim look of pain and he gritted his teeth and called for volunteers from the players bench where seven unused players, mostly pitchers, were lounging, trying to prove to Percy that things would break right pretty soon. Big Rubb Bowers, the much touted pitcher of the Knocks, came bravely to the front and offered himself as a sacrifice. It was Bill Lillis himself who rapped the first ball thrown, on the nose and sent it to center field, clearing the bases. Bradley ended the inning of agony by going out at first.

We scored in the eighth when Doyle walked and went to second when Brown fumbled Davis' grounder. Whitten hit a long three sacker to the middle court and we won. In the same frame for the Stellerites, Lillis got generous and walked Bowers. Hagen hit and Brown sacrificed and Tibbets went out to Bradley. No one scored on the fly though it would have been an easy one. With two on bases Smith sent one to the fence scoring two runs. Schletter walked and Anderson expired at first on an infield grounder. That stopped the whole business.

Bannon capped the climax when he sought out the ball company's business manager and complained that the representatives of the press and their guests were saying offensive things to him. A corpulent member of the company squeezed himself through the little cubby hole and pleaded in Bannon's behalf. It was so unreasonable that things from the little coop were pretty warm for Bannon for a while. Read the game in the following score.

COMMENT ON GAME.
Some discussion has come up concerning yesterday's game, as to which one of the three pitchers will get the credit for winning the game. It was won and lost so many times that it is really difficult to decide to whom the credit belongs. It's a pretty safe proposition, however, that Stone saved the day when he went in to the box in that last frame and retired the side without a score. When Lillis quit pitching, or rather when he was relieved in the eighth inning, New Castle was in the lead with one score. Newark then got back that lead and pushed her nose under the wire. Stone was then substituted and saved the day.

Third Baseman Whitten and Joseph Doyle pulled off a sensational play in the last inning yesterday and it was this play that saved an extra inning or two. Stone had fanned Wagner and passed Dewald to first. Brisbane who hated for Big Rubb Bowers went out to Locke. Hagen's hit sent Dewald to third and when Brown bunted a slow one down third base line, Whitten came in like lightning and sent the ball like a bullet to Doyle. Dewald had no chance to touch the plate before Doyle touched him, though he slid into the rubber feet first. Ump's Bannon stated that he never saw a catcher guard the plate like Doyle did on that play.

"LE TABAC EST L'AMI DE L'HOMME."
French Proverb That Proves Itself True in Newark.

There is a French proverb, "Tobacco is the friend of man," that is more true than the average. Man is the only being that smokes. Monkeys have imitated man in all other ways, even acquiring a fondness for liquors, but they never could be taught smoking. Smoking is a distinctly masculine pleasure, and when man has a good cigar like Wadsworth Bros' Chicos in his mouth he is care free and ready for any trouble. J. W. Collins & Son, the local agents for Chicos, say that many of their lawyer customers will not take a difficult case until they have a box of Chicos at hand. From pure enjoyment any lover of a good cigar can be no more perfectly satisfied than with a Wadsworth Bros' Chico.

Go to J. W. Collins & Son's Drug store today and select one of these clean Havana filled cigars. The price, 5c. straight, will not frighten you. 5-3-8-10

COACH BINGHAM QUILTS WESLEYAN.

Delaware, May 3.—L. J. Bingham, former assistant athletic instructor at Ohio State, and who has been at the head of athletics at Ohio Wesleyan since the holidays, is not to be at Wesleyan next year. While the trustees recognize his advancement of the work at Wesleyan their desire to get a graduate of the school in charge of this department has led them to make the change. Ralph Page, a graduate of O. W. U., and former mate of Branch Rickey at halfback on the football squad of '02, is to have the position. It is understood Bingham is undecided as to his future work. He has several offers in the

PALACE ON WHEELS VISITS NEWARK

GRAND TRUNK RAILWAY BRINGS PRODUCTS OF CANADA TO THE CITY.

Many People are Inspecting the Car Which Stands at B. & O. Railway Station.

A "Palace on Wheels," is the exhibition car of the Grand Trunk Railway system, which arrived in Newark at 7.30 o'clock Wednesday night, and is sidetracked at the Baltimore and Ohio depot, where it remains until 9 o'clock Thursday night. The car is a gallery on wheels, in which are shown views of the magnificent country through which the Grand Trunk system passes.

The panels of the interior of the car are adorned with large photographs made from direct negatives of scenes in the "Highlands of Ontario," and the many attractive places that are found in the New England states and along the Atlantic coast. The car also contains mounted fish from Canadian waters, mounted game, stuffed birds, etc., designed to show the wonderful resources of the country, and making a very unique collection. Instead of ordinary glass the windows of the car are transparencies showing rare scenes from Lake Simcoe, Georgian Bay, the Thousand Islands of the St. Lawrence, etc.

The car is in charge of R. Mc Smith of Detroit, the able and big-hearted Southern Passenger agent of the Grand Trunk, which is one of the great railway systems of the world and operates finely equipped trains. It has 1800 miles of road in the United States and 1100 miles in Canada.

During the day hundreds of citizens have visited the car and in particular many wonders and curiosities.

TUG RAMMED

By a Submarine Torpedo Boat During Maneuvers.

Newport, R. I., May 3.—The government tug *Mina* was rammed by the submarine torpedo-boat *Porpoise* during maneuvers and was forced to run full speed for the shore to escape sinking. The submarine *Porpoise* and *Shark* were making tests in Coddington cove, five miles above the city, with the *Mina* acting as escort. The *Porpoise* in coming to the surface at good speed struck the *Mina* on the starboard bow, below the water line, and stove a hole in her. The forward compartment filled with water, but Chief Boatswain Sullivan, who was in command, swung her round and headed for the shore, at the same time ringing for full speed. The tug's bow was well down when she grounded on the beach. The *Porpoise* was not injured.

TWO BANKS

Affected by the Assignment of a Pittsburgh Attorney.

Pittsburg, May 3.—National Bank Examiner Cunningham closed the Delmont National bank of Delmont, Westmoreland county, Pa., and application was made in the Dauphin county court by the attorney general's department at Harrisburg for a receiver for the Monongahela Valley bank of Duquesne. James McQuade, an attorney of this city, who recently made an assignment of an amusement enterprise, was president of the Delmont and vice president of the Monongahela Valley bank. He is absent from the city.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by F. D. Hall, druggist.

AND NEIGHBORHOOD

CHILD STRUCK BY AUTOMOBILE

SKULL FRACTURED AND DEATH ENSUED BEFORE SHE WAS PICKED UP.

Further Details of Accident Which Resulted in Death of Mr. Painter's Daughter.

The remains of little Miss Louise Painter arrived in Mt. Vernon from Minneapolis Tuesday evening, and were taken to the home of Mr. and Mrs. C. A. Lafever, south of Mt. Vernon, where funeral services were held Wednesday afternoon at 2 o'clock, the Rev. F. E. Brinistool officiating. The remains were accompanied by the father, Mr. D. H. Painter, formerly of Licking county, Master Carl Painter, a brother of the deceased child, Miss Myrtle Painter, an aunt, and Mr. and Mrs. Walter Steel, uncle and aunt.

Until the arrival of the funeral party, the particulars of the accident in which Louise lost her life were not learned. The accident occurred Friday evening about 8 o'clock in Minneapolis. Mrs. Steel, accompanied by her maid, and the two Painter children, were crossing a street, when an automobile driven by a man who is considered a very careful driver, dashed down upon them almost before they saw it. The machine was a new one and was not equipped with a horn. Louise was not quick enough to get out of harm's way and two wheels passed over her after she was knocked down. Her skull was fractured and death ensued before she was picked up.

New Foundry Started.

Mt. Vernon, May 3.—The Challenging foundry commenced operations Wednesday with a force of 15 men. The force will be doubled within a week.

Amount of Contributions.

Mt. Vernon, O., May 3.—The people of this place contributed \$150.47 to the San Francisco sufferers. Mayor

William H. Clark took the draft for the amount to Columbus Wednesday afternoon, payable to E. R. Sharp, treasurer of the Red Cross Society.

His Ankle Dislocated.

Mt. Vernon, May 3.—Mr. George Herbster, shipping clerk at the Chambers Glass plant, met with a very unfortunate accident. Mr. Herbster was coming to this city from the plant and while walking down the railroad track his left ankle was dislocated.

Mrs. Rebecca Coup Dies.

Mt. Vernon, May 3.—Mrs. Rebecca Coup died Wednesday at the home of her son, William Coup, of tuberculosis. Her illness was of three years' duration. The deceased was 69 years of age. The funeral will occur Friday afternoon.

Mrs. Clark Honored.

Mt. Vernon, May 3.—Mrs. Robert C. Clark of this city has been appointed by Governor Pattison as one of the delegates from Ohio to the National Conference of Charities and Correction to be held in Philadelphia, Pa., May 9-16.

Death of Mrs. Buxton.

Mt. Vernon, May 3.—Mrs. Mary Buxton, aged 81, died Tuesday at Walkonding. The cause of her death was old age. She is survived by a large number of relatives, among them being Mr. James Buxton of this city. Funeral took place Thursday afternoon.

Hand Badly Hurt.

Mt. Vernon, May 3.—The young daughter of Henry Buckland of West Burgess street accidentally closed her right hand in a bureau drawer Wednesday with the result that two fingers were badly mashed, the nail being torn off one of the members.

Marysville Has a Mastodon.

Marysville, May 3.—While Lester and George Eakins were ditching on the Jenkins farm in Dover township, they unearthed the bones of a mastodon. A tooth of the animal weighs ten pounds.

Lisbon, May 3.—W. H. Richardson of Mineral City, Tuscarawas county, has been elected superintendent of the schools at Columbiana, this county, at a salary of \$1100 a year.

FLYWHEEL BREAKS MANSFIELD DARK

HEAVY DAMAGE DONE PUTTING STREET CAR SERVICE OUT OF BUSINESS.

Engineer Harbaugh at Hospital—Big Pieces of Wheel Hurlled Through the Roof.

Mansfield, May 3.—The power plant of the Mansfield Electric railway. Light & Power company was practically destroyed yesterday afternoon by the bursting of the mammoth flywheel, the flying portions of which wrought havoc with the building and other machinery, causing a damage of from \$75,000 to \$100,000, and leaving the city for the present without power for the local trolley line, the Mansfield & Shelby interurban line and obliging the Mansfield, Gallion & Bucyrus interurban line to transfer its passengers to and from the corporate limits of Mansfield by busses. The city is without incandescent or are light or power for scores of electric motors, and will be so for several days.

Three engines were wrecked and part of the roof and two stacks demolished. Pieces of the fly wheel weighing hundreds of pounds were hurled through the roof of the building and buried themselves in surrounding yards.

Engineer Harbaugh is at the emergency hospital with injuries to his right foot, his eye and left arm. Jas. Beymer was slightly injured.

The street car company's loss will be many thousands of dollars, besides the loss of traffic.

Section Hand is Killed.

Chillicothe, May 3.—Victor Brown, aged 35, a B. & O. S. W. section hand, on his way to work Wednesday was run over by a train and killed.

Gave Notable Address.

Pataskala, May 3.—Miss Edith Hughes, sister of Mr. H. J. Hughes, of Pataskala, the former being well known here, made a notable address on Mormonism at Kansas City, Mo., Sunday, which has attracted widespread attention. Miss Hughes made the statement that the Mormons are striving for political power and are planning to control 12 of the states of the Union. The Associated Press sent an account of the address to the daily papers all over the country.

Leasing Gas Land.

Pataskala, May 3.—A representative of the Consumers' Natural Gas company of Columbus, was here last week leasing land. He secured about 1600 acres north of Pataskala paying \$1 per acre, 50 cents down and the balance in six months.

Missionary Campaign.

Zanesville, May 3.—Rev. Franklin McElfresh D. D., presiding elder of the Zanesville M. E. district, last evening made the following assignments in the missionary campaign being conducted at present: Rev. G. Hughes, pastor of the Trinity M. E. church of this city, will preach at To-boso tonight; Rev. C. A. Hughes, of Corning, will preach at Fultonham, and Rev. L. W. Miller of Frazeysburg, will deliver a sermon at Perryton, Licking county.

Mrs. Difany Falls Dead.

Delaware, May 3.—Mrs. Edward Difany, aged 81, of Norton, fell dead while examining some blooms in her flower garden. She had been a resident of the county for 50 years.

Stricken With Paralysis.

Pataskala, May 3.—Eli Manger one of the pioneer residents of Elms, and a man universally honored, suffered several strokes of paralysis last week. Mr. Manger is sorely afflicted.

Secure Nine-Hour Day.

Cincinnati, May 3.—One thousand iron molders in Cincinnati, Covington and Newport have secured a nine-hour day without reduction of pay. This was agreed on at a conference between representatives of the three unions and the Cincinnati branch of the National Foundry association. The men have been working 10 hours without a wage scale agreement for the past two years.

Fail to File Answer.

Bellefontaine, O., May 3.—Six bridge companies are in default by failing to file answers by May 1 as required in the ouster suit brought by Attorney General Ellis in the circuit court here. They are the Columbus, Champion, Brackett, American, Adams Brothers and Iron Substructure companies. The case against the 13 companies alleged to compose the trust will be tried here in October.

Sabbath Friends Elect Officers.

Columbus, O., May 3.—Strict observance of Sabbath as a religious rather than a civic duty formed the theme of the addresses at the closing session of the Ohio Sabbath Observation association. The new organization expects to find its strongest ally in the labor unions, which have for years been seeking to abolish all kinds of labor on Sunday. A permanent organization was effected with the election of the following officers: President, Rev. Dr. David McKinney, Cincinnati; recording secretary, Rev. Dr. B. F. Dimmick, Columbus; corresponding secretary, Rev. Alexander Jackson, Cleveland; treasurer, Charles T. Lewis, Toledo. In addition, a vice president will be chosen from every county in the state.

Building Destroyed.

Bowling Green, O., May 3.—The explosion of a gasoline stove in the second story of the Dillinger block, in North Baltimore, caused a blaze which destroyed the whole building, entailing a loss of \$20,000, which is nearly covered by insurance. William Juston, a fireman, was overcome by smoke and fell from a ladder, spraining his back seriously. The losers are A. L. Smith, shoe store; Mull & Ewing, novelty store; William Stouffer, insurance office; Mrs. Peters, Mrs. Percy and Daniel Dillingers, owners of the block.

Ansbury for Congress.

Bryan, O., May 3.—T. T. Ansbury of Defiance was nominated by acclamation for congress by the Democrats of the Fifth district. He was nominated two years ago after 1,300 ballots had been taken, but was defeated in a normal Democratic district by W. C. Campbell, his Republican opponent, whom he will again run against.

Was Reindicted.

Springfield, O., May 3.—Harley Tittus, a well known stockman, was re-indicted by the recent grand jury on the charge of obtaining \$2,475 from the National Fire Insurance company. When his barn was burned this company paid promptly. Another refused and an investigation resulted in Tittus being indicted.

Jumped to Death.

Chillicothe, O., May 3.—Vinton Browning of Vigo, a Baltimore & Ohio Southwestern section hand, 35, missed his crew's handcar and caught a passenger train. Then in his anxiety to get to his work at Ray he jumped before the train stopped and was instantly killed.

Escaped From Jail.

Marion, O., May 3.—Archibald Manley, 23, who was arrested on a charge of horse stealing, made his escape from jail, and in so doing severely injured Mrs. E. E. Brown, the matron and wife of the jailer.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation. Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America, which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

"I had for years suffered from what medical men called dyspepsia and indigestion. In August I purchased a box of Cascarets and was surprised to find that I had 'em'—yes—a wiggle, requiring mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remedy effected the same length of a tape worm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to our readers."—Chas. Blackstock, 125 Division Place, West Philadelphia, Pa.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Y. M. C. A. MEMBERS OUTING JUNE 15

A BIG PROGRAM AT BUCKEYE LAKE FOR ASSOCIATION BOYS AND FRIENDS.

Progress of Membership Effort Will be Shown on Thermometer at the Y. M. C. A.

Instead of the big annual Y. M. C. A. picnic this year it has been decided to hold a Members' Outing at Buckeye Lake, Friday, June 15. It is to be a membership affair and the program will be planned so as to give the members and their friends a most enjoyable day.

In the meantime it has been proposed that the association make a united effort to secure 100 new members by the time of that outing. The proposition was enthusiastically received by the 75 men present at the closing banquet of the "Red, White and Blue Contest," and already a number of new members have been pledged.

For each new member that one brings in between now and noon on June 15, the Association will furnish free one round trip ticket to Buckeye Lake, besides extending one's membership one month.

New members may join under one of the several offers which Secretary Ebersole will explain.

The progress of this membership effort will be shown on a big membership thermometer in the reception room. Call at the office and get application blanks and help run the mercury column up to the boiling point by June 15.

GRAND JURY WILL LOOK INTO IT

JUDGE JONES ASKS FOR A RIGID INVESTIGATION OF THE CONVENTION.

Openly Claimed in Marietta That Boondoggling Was Done in Republican Convention.

Marietta, May 3—Judge Jones, of the local courts, today instructed the grand jury to make a rigid investigation of the Republican county convention last Tuesday at which he was endorsed for renomination when there was a hard fight on Jones before the convention, and it is openly claimed that boondoggling was done. Some of the leading attorneys at the bar were interested in the fight. A large number of delegates to the convention has been subpoenaed to testify during the investigation and sensational developments are expected.

COMMANDER BRICE WRITES LETTER

Was on Ranch 60 Miles From San Francisco at Time of Quake. Wife in Frisco.

Professor Amos Brice of this city received a letter on Wednesday evening from his brother, Commander J. J. Brice of the United States navy. Commander Brice said that he was on his ranch, 60 miles north of San Francisco at the time of the earthquake, and while he was considerably shaken up he suffered no injury. His wife and daughter, Miss Elizabeth, however, were in San Francisco on the morning of the earthquake. They, like many thousands of others, were turned into the streets, where they were found wandering aimlessly about, in a half clad condition by a friend, who took them to Oakland in a small boat that he had chartered, and soon after they reached their home in Nappa county in safety. Commander Brice says that the whole country is filled with refugees who have been stripped of all their earthly possessions.

England to Menace the Turk.
London, May 3 — "Unless Turkey quickly withdraws her troops from Tabah, Great Britain will take action which will bring the sultan to his senses," said an official of the foreign office. Thus far England has shown extreme patience, listening quietly to the contentions of the Turkish ambassador that the district occupied belongs to the sultan's empire, but insisting that the troops must be withdrawn before the boundary question is discussed. What action is contemplated is known only in inner circles, but probably it will be in the nature of a demonstration by the British Mediterranean fleet at Turkish ports.
